OBJECTIVE:

A highly motivated and results-oriented professional with a strong foundation in engineering and extensive experience in full-stack web development. Skilled at managing projects, enhancing workflows, and providing creative solutions tailored to the needs of various clients. Demonstrated capability to align technical execution with strategic objectives, ensuring the success and quality of every project. I value collaboration and continuous learning, and I aim to contribute positively to the organization’s success.

WORK EXPERIENCE:

Odoo Developer (HRIS)

August 2024 - Present

Direc Business Technologies Inc. - Quezon City, Metro Manila, Philippines

- Debugged complex software issues, leading to a more stable product release
- Designed and implemented customized modules for clients in various industries to manage employee operations, utilizing expertise in Odoo, JasperReports, XML, and Python.
- Adapted quickly to new technologies and programming languages, enhancing overall team productivity.
- Reduced Development time by creating reusable code libraries for future projects.
- Coordinated deployments of new software, feature update and fixes.
- Worked closely with the Functional and Client teams to gather requirements, ensuring efficient transactions, streamlined development, and enhanced customer satisfaction.

Projects:

- **XRC Resources Inc.** : 353 J.P. Rizal Street corner Diamond Street, Barangay Sto. Niño, Marikina City, Metro Manila, Philippines.
- **Topbond Philippines Inc.** : 135 Sgt. Rivera Street corner Banawe Street, Barangay Manresa, Quezon City, Metro Manila, Philippines
